A tropical wind blows on the Spring-Summer 2021 collections. Nature plays the leading role and flows through fashion, a committed poetic message, to protect and cultivate the beauty of our land.

The Variance collection immerses us in a lush and refined vegetation, using the elements of nature, as a source of inspiration, to draw its delicate prints, herbal style and feminine lace.

The palette of twilight and dawn merge. It's a real forest bath. The Variance collection celebrates nature in a summery spirit.
