A full-body photograph of a woman standing in the middle of a library aisle. She is wearing a bright yellow double-breasted coat over a teal patterned top and a teal textured cardigan. She also wears purple velvet trousers with a colorful belt and large, striped, platform boots. Her face is obscured by a yellow bucket hat with a dark, abstract pattern. The background consists of tall bookshelves filled with books.

# A WONDER WANDER

Una meravigliosa passeggiata nel tempo, negli stili, nelle atmosfere di ieri e di domani.

Questa è la collezione per l'Autunno - Inverno 2024 Justmine. Un viaggio alla ricerca di input per creare uno stile sempre moderno ma di ispirazione vintage.

Dagli anni '80 e '90 per alcune modellature fino agli '50 e '30 per la scelta di alcune texture: un mix and match che permette ad ogni donna di recuperare dalla propria memoria riferimenti a capi e stili che hanno collezionato nei ricordi, per indossarli oggi in una chiave contemporanea, nuova, unica.

La maglieria torna da protagonista. Oversize o bon ton, nelle tinte unite o a righe irregolari. Una collezione fatta di giochi di contrasti tra tessuti lucidi, come il raso e lo shiny, e tessuti opachi, in punto Milano, velluti a coste e i misti lana. Ma anche di volumi, vestibilità, pesantezze. Volumi oversize contrapposti a capi dal taglio più femminile, gonne e abiti da portare sovrapposti a pantaloni o abbinati a capispalla che attingono dal guardaroba maschile. Lo street style, dai pantaloni cargo alle giacche sportive, mescolato ad uno stile più glamour, quello degli abiti, delle gonne e delle borse per un'eleganza contemporanea, senza tempo. Grafiche di ispirazione pop, texture geometriche retrò anni 30, pattern dal sapore etno convivono in un gioco di colori e micro e macro disegni che permette infinite combinazioni. Una donna che sa essere sportiva, pratica, dinamica, ma che sa valorizzare la propria femminilità, lasciando sempre che a vincere sia la propria personalità.

Colori caldi e colori freddi in un gioco di rimandi che trova nelle molteplici texture la sua massima espressione.

Un linguaggio che trova il suo equilibrio tra avanguardia e tradizione. Cappelli e borse a enfatizzarne l'orientamento. Foulard, baschi, coppole e Bucket Hat ma anche cuffie di lana e guanti. E le calze a completare uno stile che non trascura nessun dettaglio.

Un meraviglioso viaggio appunto: nel tempo, negli stili, nella propria fantasia, dentro se stesse.

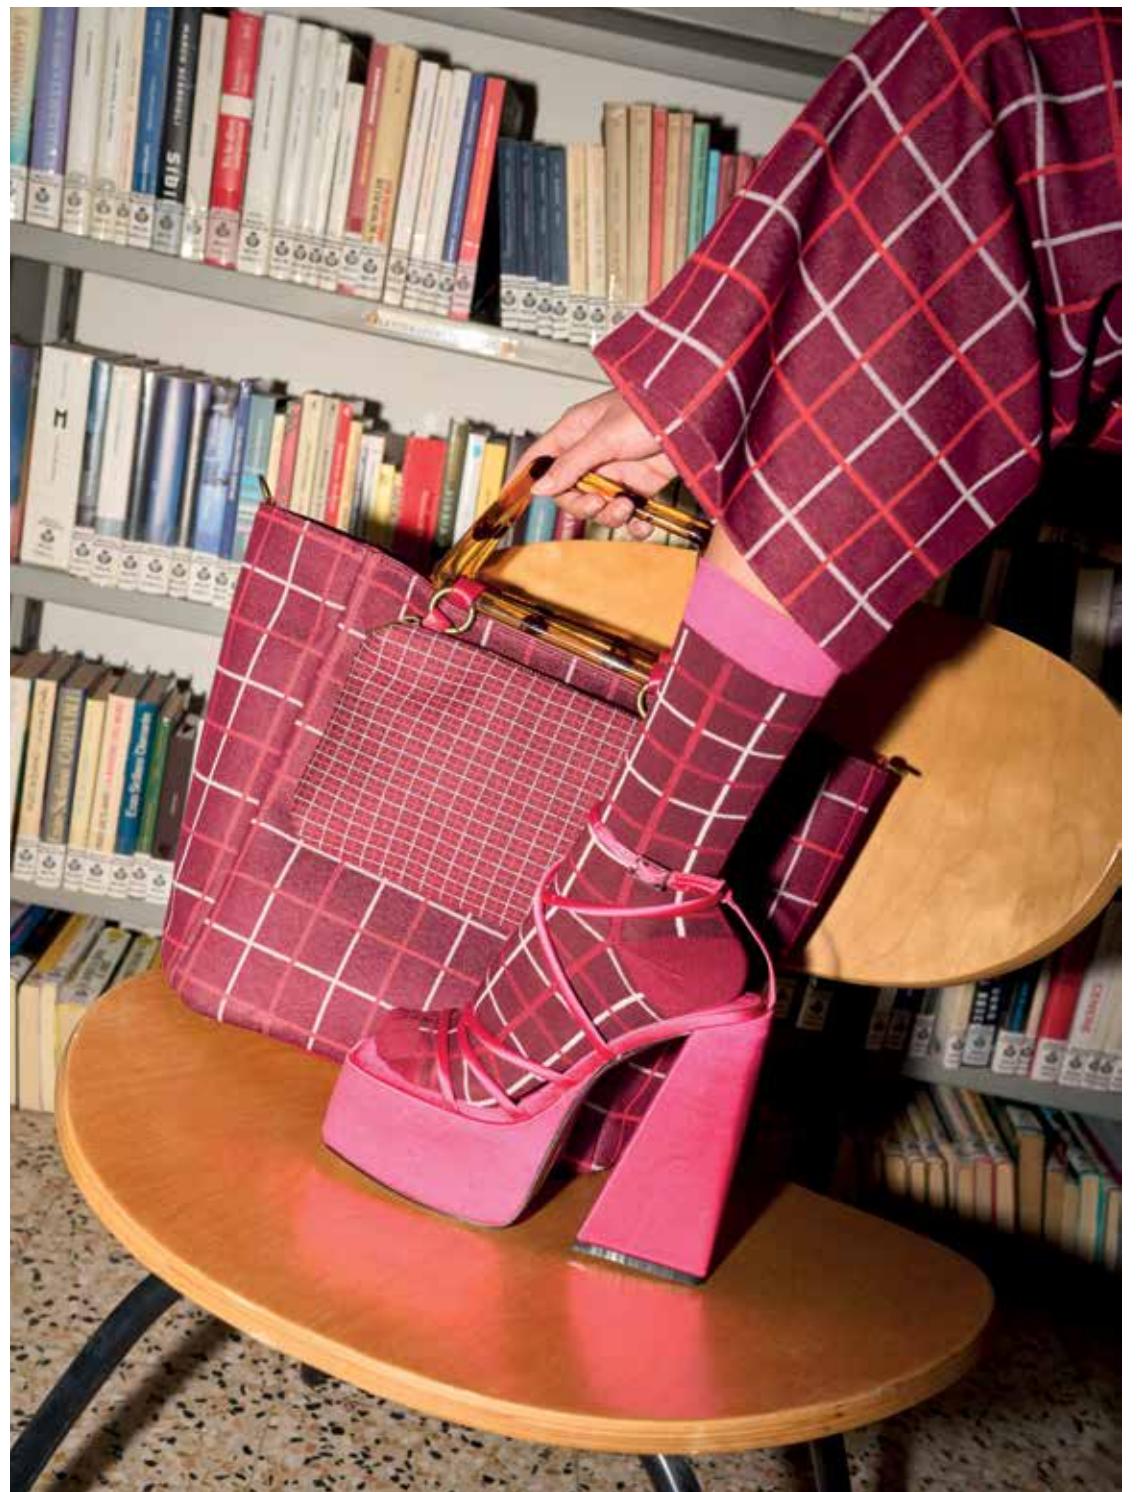

*A wonderful journey through time, styles, and atmospheres of yesterday and tomorrow.*

*This is the collection for Fall-Winter 2024 by Justmine. A voyage in search of inspiration to create a style that is always modern yet vintage-inspired.*

*From the '80s and '90s for some moldings to the '50s and '30s for the selection of certain textures: a mix and match allowing every woman to draw from her own memories, wearing references to garments and styles collected over time, now in a contemporary, new, and unique key. Knitwear becomes the main character again, whether oversized or bon ton, in solid colors or irregular stripes. A collection characterized by contrasting fabrics, such as shiny satin and fabrics with matte finishes like Milano stitch, ribbed velvet, and wool blends. It explores volumes, fits, and weights, with oversized volumes juxtaposed with more feminine cuts, skirts and dresses worn layered over pants or paired with outerwear inspired by the masculine wardrobe.*

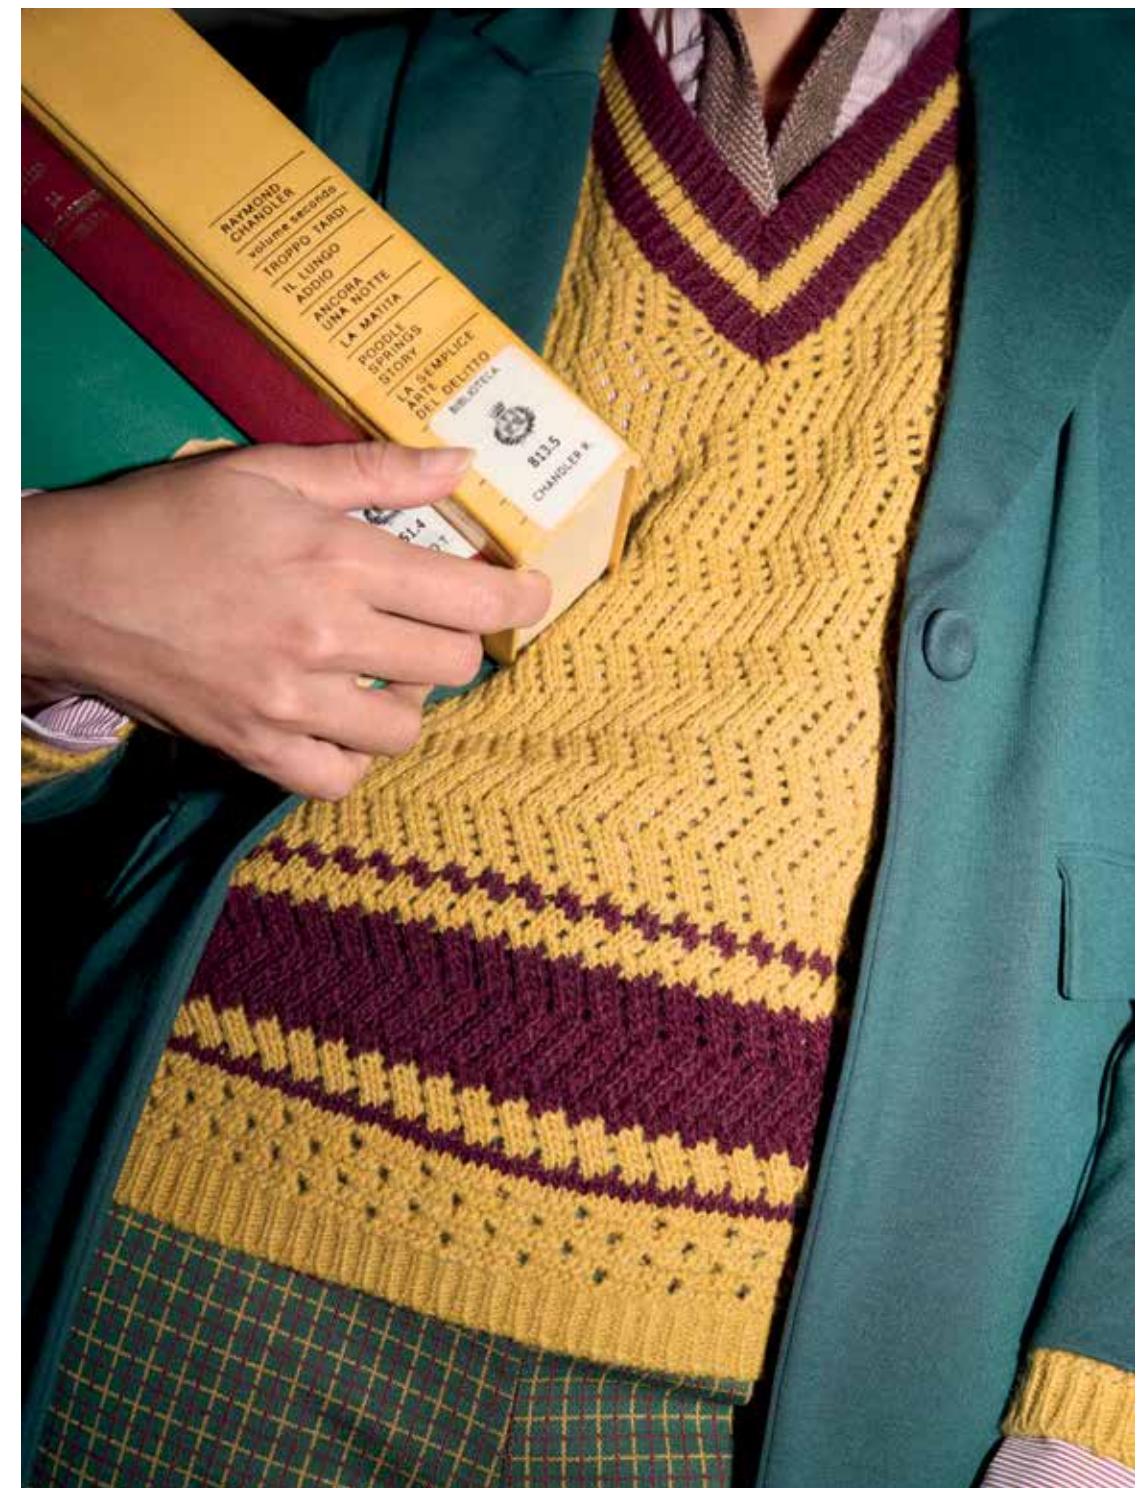

*Street style, from cargo pants to sporty jackets, blended with a more glamorous style seen in dresses, skirts, and bags for timeless contemporary elegance. Pop-inspired graphics, retro geometric textures from the '30s, and ethnically inspired patterns coexist in a play of colors and micro and macro-designs, allowing endless combinations.*

*A woman who embodies sportiness, practicality, dynamism, yet knows how to enhance her femininity, always letting her personality triumph. Warm and cool colors interplay in a game of references, finding their fullest expression in diverse textures. A language that strikes a balance between avant-garde and tradition. Hats and bags emphasize the orientation. Scarves, berets, caps, and bucket hats, as well as woolen headsets and gloves. Stockings complete a style that leaves no detail overlooked. Indeed, a wonderful journey: through time, styles, imagination, and within oneself.*
